

THE NSO MUSIC AGENCY

NSO, creator of the NSO Symphony Orchestra, provides other musical ensembles and soloists for everyone's needs. They include various professional vocal and instrumental musicians who perform many classical and popular genres including pop and rock in English and Arabic. From private corporate events, weddings, public and government events as well as commercial brand launches, NSO can provide the right kind of music and musical performers for your event.

All musicians and vocalists have international performance experience and currently reside in the UAE making their fees greatly reduced as flights and visas are not required!

Just drop an email to info@uaenso.org and NSO would be happy to discuss how best we can support your musical needs!

Janet Hassouneh, BM, MM (USA)
